Subject: RE: VIDEO CONFERENCE SET UP

Thanks for the update, Merilee.

Joe, no, I don't have anything for visual presentation. I will check with George to see if he has anything.

Thanks,
Barb

Joe wants to know if you have anything you are presenting? Maybe George has something. If you have anything you can forward to Joe that would be great. Joe doesn't have anything to send to you.

I am leaving the office until about 2 p.m., so please communicate back to Joe Frantz.

Thanks,
Merilee

Thanks for the information, Joe. We're looking forward to the meeting as well. Are there presentations that you can email me to provide to the folks calling in?

Thanks,
Barb

Subject: FW: VIDEO CONFERENCE SET UP

Dear Merilee:

Following is the latest update for planned meeting participants from USEPA, including planned mode of participation. As I understand, remote participation in the May 23 technical meeting will be by conference call. If there are any questions concerning participation, you may send them to me and I will forward to the appropriate party.

In Person – Canonsburg, PA
Robert Ford, Research Scientist, Cincinnati, OH

Teleconference
Barbara Butler, Research Scientist, Cincinnati, OH
Alice Gilliland, Assistant Laboratory Director, Cincinnati, OH

Dennis Timberlake, Branch Chief, Cincinnati, OH
Michael Overbay, Regional Groundwater Center Coordinator, Dallas, TX
Kevin Auerbacher, Senior Counsel for Energy and Transportation, Washington, DC

Sincerely,
Robert Ford
USEPA/Office of Research and Development-Cincinnati

Subject: RE: VIDEO CONFERENCE SET UP

Dear Merilee:

Thank you for initiating this coordination. To confirm, I received a voice mail from Kim in your Corporate Office, relative to determining available conferencing options. Barb Butler is following up with Kim to work out the connection with our facility here in Cincinnati. I am hopeful that we can conduct a trial run in advance, so that we can avoid trouble-shooting the day of the meeting. Barb Butler and Alice Gilliland will participate remotely from Cincinnati.

We have asked Michael Overbay (USEPA, Dallas, TX) to participate by phone on Thursday. Michael is acting as a technical consultant to ORD to help provide continuity for mine and Barb's transition into the lead on developing Prospective Case Studies. Michael has been involved in earlier technical discussions to assist in identifying potential study site locations.

Finally, I will be able to attend the meeting in person. I will drive to the Pittsburgh area early Thursday morning.

Again, thanks for your assistance in arranging this meeting.
Please feel free to contact me if you have any questions.

Sincerely,
Robert Ford

I have left messages with our Ft. Worth office to work with you in setting up a video link. Are you the person they need to talk to or someone in your IT department?
